

# Help Us Help Student Veterans

## Be Our Boots on the Ground

### Overview

In order for us to help pay education costs for student Veterans, we need you to help us get subscriptions so we can get things rolling. In this packet you will find forms and flyers to help register companies and get student Veterans signed up for our grant program.

### How to Help

The first thing you will see in this packet is the form to register a company along with a line card.

1. On the Company Registration form, fill out “Section A” with all the information about the company.
2. Locate the person(s) responsible for the UPS (Uninterruptible Power Supply), Emergency Lighting Equipment, or Battery Plants within the company. Typically the person you are looking for will be in the Facilities or Information Technology department, however, we always recommend going to facilities and asking there first.
3. Fill out the information in Section B pertaining to the person you found who deals with UPS (Uninterruptible Power Supply), Emergency Lighting Equipment, or Battery Plants. There are two parts in this section in case you found more than one person.
4. Leave the Line Card/ Flyer with the person(s) you found and encourage them to look over it (Remember this is how we will be funding the grants for our Student Veterans!)
5. Next, fill out section 3 with the name of the Student Veteran you would like the 5% of net sales made with the company you registered

Note: If you don’t know a Student Veteran, check the box in this section and On-Line Power will provide a Student Veteran to receive compensation.

The next thing you will see in this packet is the Student Veteran Registration Form. If you have a Student Veteran you would like funding to go to, please be sure to fill out this form and send it back to us.

Note: If you do NOT have a Student Veteran you want funding to go to, you may disregard this form.

1. If you are the Student Veteran who is associated with the form, fill it out to completion and send it back
2. If you are NOT the Student Veteran associated with the form, fill out this form with the Veteran’s information. Please, however, do NOT check any of the boxes EXCEPT the one that reads “By checking this box I am verifying that I have filled this above form out for SOMEONE ELSE and I have informed the person above that they have been enrolled in On-Line Power Service Inc. Veteran grant program

### Materials in Packet

We recommend printing out all the contents of the packet. Included you will find:

- Line Card
- Company Registration Form
- Student Veteran Registration Form

Our services include consulting, sales, installation, maintenance and service. We specialize in the sale, installation, service and maintenance of Uninterruptible Power Supply systems (UPS) and emergency lighting systems. We also provide battery testing and monitoring services as well as battery sales. We provide 24-hour response time for emergencies, seven days per week, 365 days per year. Typically, non-emergencies are handled on a same day basis.

OLP Services, INC. is in large majority a service company and this has allowed us to provide personal attention to each client and to keep maintenance costs competitive. OLP carefully selects the services it offers to ensure in-depth training for its technicians on each product. Our consulting success is based upon our reputation for dependability, fair dealings, and repeat business.

We maintain strategic alliances with leading industry vendor partners such as APC, Eaton and Liebert. These partnerships enable us to offer flexible, customized solutions that meet the specific needs of each and every one of our clients. We work with each organization to craft a solution that meets budgetary and technical requirement.
